Dear Rich Pennington,

Attached is the Annual Report for # 340. No production was noted from this location for the reporting year.

The local market for aggregates was not conducive for production and sales for this site. There are reserves of aggregates remaining that can and will be productive in the future when market conditions improve.

Sincerely,

Tyler Jordan

Dear Mr. Pennington:

Attached is the Annual Report for # IM 340. No production was noted from this location for the reporting year.

The local market for aggregates was not conducive for production and sales for this site. There are reserves of aggregates remaining that can and will be produced in the future when market conditions improve.

Sincerely,

A handwritten signature in black ink that reads "Cory Kiser".
